INTRODUCTION

R. L. POLK & CO. OF NEW ENGLAND, publishers of the Salem City Directory, as well as more than 750 other city, county, state and national directories, present to subscribers and the general public, this, the 1931 edition of the Salem Directory, which also includes Peabody, Danvers and Marblehead. The present edition represents the first Polk directory of this community, and is completely standardized.

Confidence in the growth of the community's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'S directories in the estimation of the public throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Salem Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The several essential departments are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT for Salem, pages 14 to 20, presents a variety of information, such as lists of city and county officials; post office and public school directories; statistical review; historical sketch; and manufacturing, trade and civic surveys. Similar departments for Peabody, Danvers and Marblehead will be found at the beginning of their respective sections.

THE BUYERS' GUIDE, pages 21 to 60, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Salem, Peabody, Danvers and Marblehead. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers eager to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Salem and vicinity, the necessity of having this kind of information immediately available, is very great, and frequently pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations of Salem is included in pages 61 to 324. A feature of this section is the inclusion of the wife's name in parentheses following that of her husband. A similar list for Peabody appears in pages 501 to 620; for Danvers, in pages 687 to 753, and for Marblehead, in pages 795 to 861.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Salem, covers pages 325 to 493. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. A similar directory for Peabody, occurs in pages 621 to 682; for Danvers, in pages 755 to 793, and for Marblehead, in pages 863 to 905.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 907 to 984. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Salem, Peabody, Danvers and Marblehead, for business men, everywhere, realize that the city directory represents a community as it really is.

The Salem Directory Library

Through the courtesy of the publishers of the Salem City Directory, a Directory Library has recently been established in the offices of the Salem Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

SALEM

CENTER OF THE BEAUTIFUL NORTH SHORE OF MASSACHU-
SETTS; THE MOST HISTORIC CITY IN THE EAST.

Statistical Review

Form of Government—Plan B, consisting of mayor, 5 councillors-at-large and 6 ward councillors, who are elected for a period of 2 years.

Population—43,353 (1930 U. S. Census). White population 21 years of age or over—males, 12,746; females, 14,144. Total colored population—males, 48; females, 53. American-born white, 76.8% of whole population.

Area—8.2 square miles.

Climate—Mean annual temperature, 51.8 degrees F.; average annual rainfall, 41.06 inches.

Parks—13, with total of 382.71 acres, valued at \$342,370.

Assessed Valuation—\$58,257,180, with \$30.30 tax rate.

City's Bonded Debt—\$1,960,000 (July 1, 1931).

Financial—1 national bank and 2 trust companies have total deposits of \$12,079,036, and resources of \$14,168,979 (as of June 30, 1931, report). 2 savings banks have total deposits of \$41,155,824 (as of Oct. 30, 1930, report).

Telephones in Service—9,115.

Churches—24, leading denominations.

Building and Construction—Value of building permits, \$880,285 (July 1, 1930, to July 1, 1931).

Trade—Retail area has radius of 16 miles, and population of 125,000.

Newspapers—1 daily, 1 Sunday and 1 weekly. Also a Polish daily.

Hotels—4, with total of 200 rooms. Newest hotel (Hawthorne) built in 1925.

Railroads—Boston & Maine.

Amusements—3 theatres, with total seating capacity of 3,000 persons.

Hospitals—1, with 140 beds.

Education—State Normal School, Salem Commercial School and Hawthorne Institute. 25 schools, including 1 high and 6 parochial. Number of pupils in public schools, 5,959; in parochial, 3,247. Number of teachers, 300.

Volumes in Public Library—80,000.

City Statistics—Total street mileage, 62.8. Miles of sewers, 51. Miles of electric street railway, 57. Daily average pump of water works (municipal), 5,000,000 gallons, with 76 miles of mains. Fire department has 37 permanent men and 35 call men, with 11 autos, 3 engines, 3 hose and chemical wagons and 2 hook-and-ladder trucks. Police department has 60 men, with 1 station and 8 pieces of motor equipment.

History

Salem was founded in 1626, and is one of the oldest cities in the United States. It has taken an active part in all the historic events of the country, and is today a prosperous, industrial and residential city, preserving more historic landmarks, relics and articles of Colonial interest than any other city in New England.

Here is the scene of the famous Witchcraft Delusion of 1692, the meeting place of the first Provincial Congress, and the site of the old North Bridge, where occurred the Colonies' first armed resistance to the British in the Revolution. Nathaniel Hawthorne, the celebrated author, was born in Salem in 1804, and here he lived and wrote, drawing most of his plots from the town of his birth.

Modern Salem is the shire town of Essex County and the retail center of about 200,000 people. It is a city of diversified industry and is famous for the manufacture of cotton goods, leather, shoes, incandescent lamps, radio tubes, games, etc. It has about seventy different kinds of manufacturing, represented by one hundred and fifty factories. Salem has a population of more than 43,000.

It is a city of homes. About sixty-five per cent of the dwellings are owned by the occupants. It is rated as a "B" city by the fire underwriters, which gives the city the lowest insurance rate possible.

Location

Salem is located on the Eastern Division of the Boston & Maine Railroad, thirty minutes from Boston. It is sixteen miles north of Boston and has excellent train service. It is on the direct automobile route from Boston to Maine and New Hampshire summer resorts.

This city is located upon Salem Harbor, is cooled throughout the summer by delightful east winds and is sheltered from the extreme weather in winter. Salem is a shipping centre with direct rail connections.

Education

The high standard of Salem's schools is generally recognized. The State Normal is one of the oldest in America. In the Department of Education, a degree of Bachelor of Science in education is granted at the completion of four years. It is one of the largest normal schools in the state.

The High School is splendidly equipped with recreation rooms, libraries, laboratories, auditorium, study halls and gymnasium. It has nearly fifteen hundred students and a corps of sixty teachers.

There are sixteen grade schools with an enrollment of over forty-five hundred and one hundred and forty-two teachers. There are six parochial schools, two commercial schools, and two private schools.

The Public Library contains eighty thousand volumes, and was formerly the home of Captain John Bertram. In 1887 this magnificent estate was given to the city for a public library.

Clubs and Fraternities

The Rotary Club meets Tuesdays at 12.15 and the Kiwanis Club, Thursdays at 12.15, at the Hawthorne Hotel. There are three women's clubs: Salem Woman's Club, Thought and Work Club and the Society for Higher Education; also Salem Fraternity, the oldest boys' club in America, Y. M. C. A. (the first boys' branch in the world was organized in Salem), Young Woman's Association, Masons, Elks, Knights of Columbus, Odd Fellows and many others.

Recreation

Salem has three motion-picture theatres, and two splendid golf courses—the North Shore Golf and Tennis Club and the Salem Country Club.

At Forest River Park there is a tourist camp, with running water and toilet facilities. It has a splendid salt water swimming pool and a new and attractive bath house. The park is under city supervision and is free.

The Salem Willows is a noted recreational park on the North Shore, with boating, bathing, fishing, shore dinners, ball park, open air theatre, dancing, bowling, etc. It is beautifully located on Salem Harbor.

Churches

Salem has many beautiful churches, representing almost every denomination. The architecture of some of the churches is noteworthy.

The first meeting house for Congregational worship in America was erected in Salem in 1629, and continued as a place of worship for nearly three hundred years.

Banks

The combined assets of the banks are over \$55,000,000. There are two trust companies, one national bank, two savings banks, two co-operative banks, a Morris Plan bank, a Polish bank, and two credit unions. Salem is the home of two large insurance companies.

Retail Trade

The retail section of Salem is the purchasing centre of approximately 200,000 people, and its stores are of a distinctly metropolitan character.

Industry

The industries of the city are remarkably diversified. Good wages are paid. The living conditions are excellent. The city is unusually free from labor troubles. There is a splendid electric lighting plan, furnishing ample light and power for local needs, with a large super-power plant under construction to supply the growing demand of this section. The water supply is of the best.

Salem is a good city in which to live, and offers splendid inducements to prospective manufacturers.

Hotels

The Hawthorne Hotel, erected by citizens of Salem, is situated at the junction of the Hawthorne Boulevard and Washington Square. It is of a distinctive type true to Colonial traditions and is undoubtedly the finest tourist and commercial hotel north of Boston. It affords a cool, charming stopping place for use of summer tourists as headquarters from which to enjoy, not only the historic treats of Salem, but many fine motor trips along the coast and through the woodlands of what many people consider the most attractive section of New England. It affords a central point for traveling men doing business anywhere in Essex County. Good meals, a comfortable night's rest, and an early start, without traffic complications, make it ideal for this class of patronage.

A commodious garage is located a short distance from the hotel. There are five smaller hotels, and two summer hotels at the Salem Willows.

The EVENT is YOUR Affair—Your WARDROBE Is OUR Affair

ELECTRIC LIGHT AND POWER

POWER

*All our
modern accomplishments
lead back to POWER*

Without power, rapid transportation, communications, industry, as we know them today, would be impossible.

The benefits of electric power are not limited to your own personal use of that power in your home or business. They are reflected in all your other bills—for there is scarcely a commodity, the cost of which is not DECREASED by the use of electric power.

Do not hesitate to call us if you have an electric problem to solve. We are always at your service.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

The Sign over your door

tells the passer-by that you are there ready to serve him.

But you also want to tell people, in all parts of the community, where you are and what you do.

This sign is only seen, however, by the small portion of the population who pass your way. Being fixed, it cannot reach out and tell somebody, a good prospect, on the other side of town about your business.

But Your Directory Advertising is before the entire community

It directs buyers from all parts of the community to your business and to any particular service which they may require.

The advertisers stand out as the leading and permanently progressive firms of the community.

You should make it easy for people to find you by putting in the directory such information as a buyer wants to know.

For FREE suggestions on how to make your advertising most effective write—

"Mailing Lists That Pull"

Send for a copy of our folder containing "MAILING LISTS THAT PULL." It is a list of lists which Polk clients everywhere in America have found to be big producers of sales. Gives full information regarding quantities, prices, etc.

R. L. POLK & CO.

Publishers of over 750 City, County, State and National Directories.
The advance information for these publications is the source of Polk Mailing Lists.

CITY DIRECTORY USES

1. SALES PROMOTION:

a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmen, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.
Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

2. CREDIT:

a. Verifying customer's statements and information.

b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

FOR EVERY BUSINESS

d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

3. DELIVERY AND SHIPPING:

a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

4. PURCHASING:

The complete classified business section in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.
